# Pre-Hospital Emergency Care Council

The Pre-Hospital Emergency Care Council is an independent statutory agency charged with responsibility for standards, education and training in the field of pre-hospital emergency care in Ireland.

The Council was established as a body corporate by the Minister for Health and Children by Statutory Instrument Number 109 of 2000 (Establishment Order) which was amended by Statutory Instrument Number 575 of 2004 (Amendment Order). These Orders were made under the Health (Corporate Bodies) Act, 1961 as amended.

The membership of the Council is defined in the Statutory Instrument as consisting of not more than seventeen persons who shall be appointed by the Minister.

# Mission Statement

The Pre-Hospital Emergency Care Council protects the public by specifying, reviewing, maintaining and monitoring standards of excellence for the delivery of quality pre-hospital emergency care for people in Ireland.

# Strategic Plan 2006-2009

#### STRATEGIC PLAN 2006-2009

The Strategic Plan links the Mission Statement to Council functions, governance and administrative support objectives. The specific strategies associated with each individual objective are detailed. The Strategic Plan gives clear direction and focus.

Council's Functions Objectives are

I.To ensure training institutions and course content in First Response and Emergency Medical Technology reflect contemporary best practice.

- 2. To ensure pre-hospital emergency care responders and practitioners achieve and maintain competency at the appropriate performance standard.
- 3.To sponsor and promote the implementation of best practice guidelines in pre-hospital emergency care.
- 4. To source, sponsor and promote relevant research to guide Council directions and the development of pre-hospital emergency care.
- 5. To recommend other pre-hospital emergency care standards as appropriate.

Pre-Hospital Emergency Care Council

The Council is an independent statutory agency with responsibility for standards, education and training in the field of Pre-Hospital care

# Chairman's Statement

It is with great pleasure that I introduce Council's Annual Report for the year ending 31st December 2006, the seventh since its establishment in 2000.

During 2006, the Director and Staff of Council have worked actively with the Department of Health and Children, with the National Ambulance Service and with other relevant groups and organisations in a partnership approach to the development and enhancement of Pre-Hospital Emergency Care.

Following a review of Council's achievements against its first Strategic Plan 2002-2005 and a workshop in May, Council signed off on its second Strategic Plan 2006-2009 to guide Council and Committee operations over the coming years.

As part of its commitment to best practice in governance, the Audit Committee completed its first full year in 2006 of supporting and advising Council on internal control including corporate governance and audit matters.

Sentinal achievements in 2006 include:

- the commencement in early 2006 of the 6th only statutory health professional register after Doctors, Nurses, Dentists, Opticians and Pharmacists; there are 1,311 registrants (53 Advanced Paramedics, 1,207 Paramedics and 51 EMTs) at the end of 2006;
- the establishment of an Out-of-Hospital Cardiac Arrest Register (OHCAR) in association with the HSE and the University of Galway;
- the establishment of a pre-hospital research centre in conjunction with the University of Limerick;
- the publication in December 2006 of PHECC Standards that ascribe training and education requirements in 6 levels across the broad range of responders (Cardiac First Response, Occupational First Aid, Emergency First Response) and registered pre-hospital emergency care practitioners (Emergency Medical Technician, Paramedic, Advanced Paramedic);

My appreciation goes out to the members of Council and the various Committees whose commitment and enthusiasm continue to realise the PHECC vision.

Paul Robinson, Chairman

I would like on behalf of

Council to thank the Director, Dr. Geoff King, the Registrar, Mr. Barry O'Sullivan, and all the PHECC Team for their hard work and commitment, which has been and remains crucial to the progress being made. Council is conscious of the tremendous increase in the workload in recent years, and fully supports the Director in his efforts to secure additional staffing to ensure the continuing work of Council to the high standard which has always been its hallmark.

On behalf of Council, I would like to extend our appreciation to the Department of Health and Children for their support and funding.

# Council Membership

Membership of the Council on the 31st December 2006

Mr. Paul Robinson HealthCare Management Consultant

Prof. Gerard Bury Professor of General Practice, UCD

Clinical Care Committee Mr. Sean Creamer Advanced Paramedic, HSE Eastern Region Ambulance Service

Medical Advisory Group Mr. Mark Doyle Consultant Emergency Medicine, HSE South Eastern Area

Accreditation Committee
Ms. Julie Woods
Registered Nurse

Control Working Group Mr. Gabriel Glynn Paramedic, HSE Western Area

Mr. John Duggan Paramedic, HSE Southern Area

Mr. Pat Gaughan Healthcare Management Consultant

Mr. David Hall Company Director, Private Ambulance Service

Mr. Pat Hanafin Paramedic, HSE Southern Area

Mr. Martin Gallagher Healthcare Management Consultant

Mr. Frank O'Malley Paramedic, HSE Mid Western Area

Mr. Michael Garry District Officer, Dublin Fire Brigade

Mr. Macartan Hughes Director, National Ambulance Service College

Mr. Pat McCreanor Chief Ambulance Officer, HSE Eastern Region Ambulance Service

# Council Committees tees

## **CLINICAL CARE COMMITTEE**

To consider and advise on operational aspects of clinical care matters for/under consideration by Medical Advisory group (MAG), the Accreditation Committee and Council.

Mr. Sean Creamer Chair

Mr. Paul Robinson Chair of Council
Prof. Gerard Bury Vice Chair of Council
Mr. Mark Doyle Chair Medical Advisory

Group

Ms. Julie Woods Chair Accreditation

Committee

Mr. Pat Hanafin Public Sector EMT
Mr. John Duggan Public Sector EMT

Mr. David Hall Consumers

Mr. Shane Knox Training Instructor NASC

# Director's Statement

In this annual report we update our progress and anticipate the challenges for the coming year.

I would like to acknowledge the Chair and all Council members for their efforts and their commitment throughout the last year. In conjunction with the dedicated work of the PHECC team a lot has been achieved in 2006:

- PHECC continues to conduct national examinations for Paramedics (the 14th in Sept) and Advanced Paramedics (the 4th in progress) and by the end of 2006 these have been successfully completed by nearly 500 Paramedics and over 50 Advanced Paramedics;
- the first Advanced Paramedics in Ireland graduated in 2005 and we now have 53 in number nationally;
- the Clinical Practice Guidelines published for EMT, Paramedic and Advanced Paramedic practice are in the process of being developed and expanded to guide practice across the 6 levels of the new Education and Training Standards:
- the National Patient Care Report (PCR) is now deployed, and an electronic PCR has been developed and is currently being piloted in HSE areas and Dublin Fire Brigade;
- the national project (Medical Emergency Responders Integration & Training, MERIT) has been rolled out by University College Dublin (UCD) to facilitate appropriate roles for General Practitioners in pre-hospital care, in collaboration with Ambulance Services, and is now active in 5 of 10 HSE areas;

PHECC has
continued with its
programme of
spatial analysis
research to guide
optimal deployment
of ambulances,
Advanced
Paramedics and
Responders;

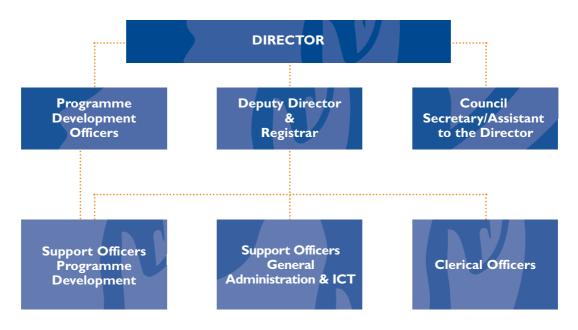

Dr. Geoff King, Director

- Standards have been commissioned for Controller training;
- continued engagement occurs with the private, voluntary and auxiliary sectors involved in prehospital care.

The 1990 Report "Building Healthier Hearts" (also known as the Cardiovascular Strategy) led to the establishment of PHECC. PHECC participated in the Task Force on Sudden Cardiac Death and its report launched by the Minister for Health and Children, An Táiniste, Mary Harney, T.D., in March 2006 makes 75 recommendations, over 45 of which are relevant to PHECC and over 35 directly relate to PHECC. This report will be pivotal in guiding PHECC's work programmes in the coming years.

# Financial Statement For The Year ended 31st December 2006

# FINANCIAL STATEMENTS

## YEAR ENDED 31 DECEMBER 2006

# Statement of Council Members' Responsibilities

The Council is required by the Pre-Hospital Emergency Care Council (Establishment) Order, 2000 to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the Council and of its income and expenditure for that period.

In preparing those financial statements, the Council is required to:

- > select suitable accounting policies and apply them consistently;
- > make judgements and estimates that are reasonable and prudent;
- comply with applicable Accounting Standards, subject to any material departures disclosed and explained in the Financial Statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Pre-Hospital Emergency Care Council will continue in operation.

The Council is responsible for maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Pre-Hospital Emergency Care Council and enable it to ensure that the financial statements comply with the Order. It is also responsible for safeguarding the assets of the Pre-Hospital Emergency Care Council and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Michael Morry Council Member

On behalf of the Council

14 June 2007

Pre-Hospital Emergency Care Council

The Council is an independent statutory agency with responsibility for standards, education and training in the field of Pre-Hospital care

# Pre-Hospital Emergency Care Council

# Report of the Comptroller and Auditor General for presentation to the Houses of the Oireachtas

I have audited the financial statements of the Pre-Hospital Emergency Care Council for the year ended 31 December 2006 under Section 5 of the Comptroller and Auditor General (Amendment) Act 1993.

The financial statements, which have been prepared under the accounting policies set out therein, comprise the Statement of Accounting Policies, the Income and Expenditure Account, the Capital Income and Expenditure Account, the Balance Sheet and the related notes.

# Respective Responsibilities of the Council and the Comptroller and Auditor General

The Pre-Hospital Emergency Care Council is responsible for preparing the financial statements in accordance with the Pre-Hospital Emergency Care Council (Establishment) Order, 2000 and for ensuring the regularity of transactions. The Council prepares the financial statements in accordance with Generally Accepted Accounting Practice in Ireland as modified by the directions of the Minister for Health and Children in relation to accounting for superannuation costs. The accounting responsibilities of the Members of the Council are set out in the Statement of Council Members' Responsibilities.

My responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

I report my opinion as to whether the financial statements give a true and fair view, in accordance with Generally Accepted Accounting Practice in Ireland. I also report whether in my opinion proper books of account have been kept. In addition, I state whether the financial statements are in agreement with the books of account.

I report any material instance where moneys have not been applied for the purposes intended or where the transactions do not conform to the authorities governing them.

I also report if I have not obtained all the information and explanations necessary for the purposes of my audit.

I review whether the Statement on Internal Financial Control reflects the Council's compliance with the Code of Practice for the Governance of State Bodies and report any material instance where it does not do so, or if the statement is misleading or inconsistent with other information of which I am aware from my audit of the financial statements. I am not required to consider whether the Statement on Internal Financial Control covers all financial risks and controls, or to form an opinion on the effectiveness of the risk and control procedures.

# Pre-Hospital Emergency Care Council

In the exercise of my function as Comptroller and Auditor General, I conducted my audit of the financial statements in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board and by reference to the special considerations which attach to State bodies in relation to their management and operation. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures and regularity of the financial transactions included in the financial statements. It also includes an assessment of the significant estimates and judgments made in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Council's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations that I considered necessary in order to provide me with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial statements.

#### Opinion

As explained in Accounting Policy No. 5, the Council recognises the costs of superannuation entitlements only as they become payable. This policy does not comply with Financial Reporting Standard 17 which requires such costs to be recognised in the year the entitlements are earned. While the failure to comply with Financial Reporting Standard 17 does not impact on the overall financial performance or position of the Council as disclosed in the financial statements, in my opinion compliance is necessary for a proper understanding of the costs of providing the superannuation benefits earned by employees during the year and of the value of the benefits that the Council has committed to providing in respect of service up to the year end.

Except for the failure to recognise the Council's superannuation costs and liabilities in accordance with Financial Reporting Standard 17, the financial statements give a true and fair view, in accordance with Generally Accepted Accounting Principles in Ireland, of the state of the Council's affairs at 31 December 2006 and of its income and expenditure for the year then ended.

In my opinion, proper books of account have been kept by the Council. The financial statements are in agreement with the books of account.

Gerard Smyth

For and on behalf of the

Comptroller and Auditor General

# PRE-HOSPITAL EMERGENCY CARE COUNCIL

# Statement on the System of Internal Financial Control

#### Year ended 31 December 2006

# Responsibility for the System of Internal Financial Control

On behalf of the Pre-Hospital Emergency Care Council (PHECC), we acknowledge our responsibility for ensuring that an effective system of internal financial control is maintained and operated.

PHECC through the Director is responsible for monitoring the system of internal control and providing assurances to the Council.

A system of internal control is designed to reduce rather than eliminate risk. Such a system can provide only a reasonable and not an absolute assurance that assets are safeguarded, transactions authorised and properly recorded, and that material errors or irregularities are either prevented or would be detected in a timely manner.

#### **Key Control Procedures**

The following is a description of the key processes, which have been put in place by the PHECC to provide effective internal financial control

- PHECC has an established organisational structure with clearly defined lines of accountability, responsibility and reporting;
- The system of internal financial control in PHECC is documented in Quality Management System (QMS) process maps;
- PHECC has established procedures around segregation of duties and the authorisation of expenditure;
- IV. TAS and SAGE Financial System are operated by PHECC to facilitate financial accounting practice and provide detailed audit trails on all transactions;
- V. Monthly expenditure and activity is monitored against the business plan. Reports are presented to the Director for consideration and appropriate action;
- VI. A monthly financial position report for the Department of Health and Children is prepared and submitted to the Department

# PRE-HOSPITAL EMERGENCY CARE COUNCIL

# Statement on the System of Internal Financial Control

#### Year ended 31 December 2006

- VII. An Audit Committee is in place and met three times during the year. This committee reported to the Council on 14<sup>th</sup> of December 2006.
- VIII. The monitoring and review of the effectiveness of the system of internal control is informed by the report of the Audit Committee, the work of the Internal Auditor, the Executive Managers in our Council who have responsibility for the development and maintenance of the financial control framework, and the recommendations made by the Comptroller and Auditor General in the course of audit or in his management letters.
- IX. Council Members are kept apprised of financial, control and general corporate governance matters via Council meetings which are conducted at regular intervals.

A formal review of the effectiveness of the system of internal control was carried out by an external firm of Accountants during 2006, this practice was reviewed and approved by the Audit Committee and Council.

I confirm that the Council has carried out a formal review of the effectiveness of the system of internal financial controls for 2006.

# PRE-HOSPITAL EMERGENCY CARE COUNCIL

# FINANCIAL STATEMENTS

## YEAR ENDED 31 DECEMBER 2006

#### Introduction

The Pre-Hospital Emergency Care Council was established by the Minister for Health and Children under the Statutory Instrument No. 109 of 2000, the Pre-Hospital Emergency Care Council (Establishment) Order, 2000 and amended by Statutory Instrument No. 575 of 2004 (Amendment) Order 2004.

# The main functions of the Council are:

- (a) To ensure Training Institutions and course content in Emergency Medical Technology reflect contemporary best practice.
- (b) To ensure pre-hospital emergency care providers achieve and maintain competency at the appropriate performance standard.
- (c) To prepare clinical practice guidelines for pre-hospital emergency care.
- (d) To source and sponsor relevant research to guide Council directions and the development of pre-hospital care.
- (e) To prepare standards of operation for pre-hospital emergency care providers to support best practice.
- (f) To establish and maintain a register of pre-hospital emergency care practitioners.
- (g) To recognise those pre-hospital emergency care providers which undertake to implement the clinical practice guidelines.

# Statement of Accounting Policies

## (1) Accounting Convention

The financial statements are prepared on the accruals basis under the historical cost convention in accordance with generally accepted accounting principles, except as indicated below.

The non-capital allocation from the Department of Health and Children is dealt with through the Revenue Income and Expenditure Account. Any part of this allocation applied for capital purposes and resulting in fixed asset additions is transferred to the Capital Fund Account.

Where part of the non-capital allocation is used to fund projects, which also receive capital allocations, the non-capital funding part is taken to the Capital Income and Expenditure Account.

Capital allocations from the Department of Health and Children are dealt with in the Capital Income and Expenditure Account. The balance on this account represents the surplus/deficit on the funding of projects in respect of which capital funding is provided by the Department of Health and Children.

# (3) Tangible Fixed Assets

A full year's depreciation is charged in the year of purchase. All Fixed Assets acquired, regardless of the source of funds are stated at cost less depreciation. Depreciation, which is matched by an equivalent amortisation of the Capital Fund Account, is not charged against the Income and Expenditure account.

Depreciation is charged at the following annual rates:-

ICT Equipment: 33.3% straight line. Other Equipment: 20.0% straight line.

## (4) Capital Fund Account

The Capital Fund Account represents the unamortised value of funding provided for fixed assets.

## (5) Superannuation

By direction of the Minister for Health and Children, no provision has been made in respect of benefits payable under the Local Government Superannuation Schemes as the liability is underwritten by the Minister for Health and Children. Contributions from employees who are members of the scheme are credited to the income and expenditure account when received. Pension payments under the scheme are charged to the income and expenditure account when paid.
