“(q) prepare standards of operation for pre-hospital emergency care service providers to support best practice by pre-hospital emergency care practitioners.”

**COUNCIL POLICY: IMPLEMENTATION TIMEFRAMES FOR CLINICAL INFORMATION STANDARDS AND ASSOCIATED PATIENT REPORTS**

- 1 New or revised clinical information standards and associated patient reports shall be published three yearly by Council. Should an issue emerge with the current version of the standard or the reports a release of the appropriate standard and associate reports shall occur outside this timeframe.
- 2 Following the publication of new or revised clinical information standards and associated patient reports;
  - 2.1 Pre-hospital emergency care licensed CPG providers approved to implement CPGs, shall ensure that the most recent version of the clinical information standard and associated patient report is implemented within twelve months from the date of publication. This criterion will be added to the PHECC requirements for licensed CPG providers.
  - 2.2 Previous versions of the information standards and associated patient reports shall, following a twelve month period, be withdrawn.
- 3 Practitioners shall be required to be familiar with the new information standards and patient reports within twelve months of publication:
  - 3.1 as part of continuous professional competence, and
  - 3.2 in order to re-register with PHECC.
